Synergy 170

2+2=24....say hello to Synergy 170, the panel partner to our popular wool rich upholstery fabric Synergy. With a palette of 24 carefully considered colours taken from our Synergy palette, this addition to the Synergy family offers solutions for interior fabric schemes where the total is more than the sum of the individual parts.

As with all members of the Synergy family, we have partnered with the international water aid charity Just a Drop. For every metre of fabric we sell we will make a contribution to a specific project around the world, helping to provide clean and safe water to those in need. Individually we are all just a drop, but together we create an ocean. This makes great Synergy.
