Berkshire

Berkshire's semi plain weave brings a softer residential style to the hard-working world of Crypton. Clever tonal variations, mixed with 'linen/cotton look' yarns create broken colour interest and a dry natural appearance, with loads of depth and dimensional character.

Berkshire teams perfectly with its herringbone weave partner Hampshire, as well as our other Cryptons; Chelmsford, Henley and Dido in some colourways.

Fabric for life's busiest places.

Use	HD Commercial Uph / Healthcare
Composition	100% Polyester
Width	138cm
Roll size	45m approx
Weight	658g per lineal metre
Abrasion	100,000 Martindale
Light Fastness	5
Flammability	ASI503.3
Environmental	Greenguard Gold Certified
