Colour Variations:

All textiles are subject to some colour variation. Fabric supplied to

customer order will be within commercial tolerance.

CTA Performance Rating:

Tests conducted by independent testing laboratories indicate that BROOKLYN, GEO, GLIDE and HEX, met or exceeded the performance guidelines for Heavy Duty Commercial Use as determined by the CTA (Commercial Textile Association of Australia and New Zealand).

CRYPTON GREEN

CRYPTON GREEN

Fabric Care:

Vacuum regularly. Liquid spills-simply wipe with a clean cloth. Solid or dry stains-remove the dry stain by scraping off as much as you can. If stain is persistent use a wet cloth cleaning detergent. Wet cleaning-make a paste using mild detergent. Apply to stain. Leave for at least one minute then scrub the area with a clean nylon brush. After scrubbing the area needs to be rinsed thoroughly using a sponge and clean water.

Please note: bleach can be used in a 10:1 dilution and must be

completely rinsed out.
